What to expect

Ionic Cleanse is an easy and effective way of assisting your body to cleanse, detox and prevent it from becoming imbalanced and consequently unwell.

Your feet will be placed in a foot bath. The ion generator inside the footspa bath stimulates the detoxification process through the lymph glands of the feet. The water will gradually start to change colour as the ions begin to neutralize tissue acid waste present inside the body. The water colour or debris present within the water, provides indications of imbalances within your body.

Precautions:

Please note that the 'Ionic Cleanse Spa' session cannot be performed if you have/suffer from the following conditions:

- Pacemaker or any other battery-operated/electrical implant
- A device placed on/near the heart eg, stent, valves
- Taking any heartbeat regulating medication
- Pregnant/nursing mother
- Organ transplant
- Had organ removed, especially the colon
- Tendency to faint or have blackouts or epilepsy ?
- Psychological case of insanity, psychotic episodes, seizures or rage etc...?
- Taking any medication for cases of insanity, psychotic episodes, seizures or rage etc...
